

Projected Gross Monthly Earnings for Blue Diamond and Above

Although there are distributors within this range of ranks, the number of data points (monthly earnings in a scaled range within each rank) to validate earnings averages at each rank is insufficient at this time. However, using projections based on analyzed models, we have produced the following projected earnings.

<u>Blue Diamond</u>	<u>Green Diamond</u>	<u>Purple Diamond</u>	<u>Red Diamond</u>	<u>Double Red Diamond</u>
\$28,958	\$41,829	\$75,713	\$95,759	\$205,323

These projections are based on an organization of at least 6 properly structured and developed legs, and include Rank Bonuses which would be achieved during an initial 12-month rank achievement window. Incentive trips, incentive cash, company paid trainings and event promotions are in addition to the amounts shown.

Projected income is based on Kyani distributors who achieved rank and placed a qualifying order as required by the Kyani Global Compensation plan.
